

01-05-01 Library Relationship With the Friends

(a) The Lester Public Library Friends is a non-profit corporation created to benefit library service in Two Rivers. It is a distinct and separate organization, not under the jurisdiction of the Lester Public Library.

(b) The Library Director will act as liaison to the Friends and work to promote a close working relationship between the library and the Friends as he/she does with other community organizations.

(c) Library staff, other than the Director, will not be solicited to take part in Friends activities or perform tasks on behalf of the Friends. As with any community organization, individual staff members may not be prohibited from joining the Friends or working on behalf of the Friends during off hours.

(d) The Friends will be required to reimburse the Library for costs associated with the use of photocopiers, fax machines, postage meter, etc. The Library Director will set up a mechanism for reimbursement. Because the Friends shares similar goals and has a similar mission within the community, reimbursement may be at library cost, below levels set for the general public.

(1) Other community organizations with similar goals as the Library may petition the Library Board for the same consideration.
